Course Overview

Velopi is an Authorized Training Partner (ATP) of the Project Management Institute (PMI)®. Our PMI® Authorized Project Management Professional (PMP)® Exam Preparation course uses PMI® developed resources, supported by Velopi's renowned exam simulator and legendary follow-up support until the day you take the exam itself.

Attending a PMI® Authorized PMP® Exam Prep course means your 35 hours project management training requirement is automatically met, making your exam application more straightforward. You will also have access to the PMI®'s CHOICE online learning management system, where you can download all the course materials, watch videos and carry out self-assements.

To experience what the actual PMP® exam is like, Velopi's exam simulator will provide the ideal preparation. Understand what it is like trying to answer 180 questions in 230 minutes. This will allow you to develop an effective exam strategy, enhancing your chances of success.
For whom is this course suitable?

Project Managers and other individuals who have on-the-job project management experience. If you are preparing to take the PMP® exam and are seeking expert guidance on exam strategy, hot topics, sample exam questions and after-course support, then this is the course for you.
